Experience

UX Designer *VerityStream*

San Diego, CA | Jan 2018 - Present

Led the design portion for multiple projects involving product definition, concept designs, wireframes, and interactive prototypes. Implemented a design system by creating a pattern manager and advocating design principles into production process. Collaborated with a cross-functional team to create the user experience for a mobile app for providers to sign off or update expired documents.

UX Designer *b.One Design*

San Diego, CA | Sept 2017 - Jan 2018

Worked closely with lead designer to create user flows and wireframes for the dashboard, sample runs, and settings screens for BioFire product.

UX Design Intern *U.S. General Services Administration*

Remote | Jan 2017 - Jun 2017

Redesigned a high visibility White House website, performance.gov, by redefining the navigation, information architecture, visual design, and usability while following US government web design standards. Analyzed 20+ interview data to identify user needs and pain points. Developed 2 personas and created a customer journey map.

Projects

UX Designer *Notely*

San Diego, CA | Aug 2019 - Sept 2019

Designed a cloud storage application that allows people easily take down notets, save images and links, and collaborate with others.

UX Designer *Sunday Night Dinner*

San Diego, CA | Aug 2019 - Sept 2019

Redesigned and developed a responsive website for a craft services company located in Hollywood. Rebranded the company to a modern, sophisticated, and healthy-lifestyle theme.
